own dark purpose. The Illusive Man, leader of the pro-human black ops group Cerberus, is one of the few who know the truth about the Reapers. To ensure humanity's survival, he launches a desperate plan to uncover the enemy's strengths—and weaknesses—by studying someone implanted with modified Reaper technology. He knows the perfect subject for his horrific experiments: former Cerberus operative Paul Grayson, who wrested his daughter from the cabal's control with the help of Ascension project director Kahlee Sanders. But when Kahlee learns that Grayson is missing, she turns to the only person she can trust: Alliance war hero Captain David Anderson. Together they set out to find the secret Cerberus facility where Grayson is being held. But they aren't the only ones after him. And time is running out. As the experiments continue, the sinister Reaper technology twists Grayson's mind. The insidious whispers grow ever stronger in his head, threatening to take over his very identity and unleash the Reapers on an unsuspecting galaxy. This novel is based on a Mature-rated video game.

Mass Effect is set in a rich and diverse universe hundreds of years in our future. The challenge of creating a plausible vision for humanity and a galaxy of ancient and exotic alien races was given to BioWare's talented art and design teams. They began in a formless void and shaped their worlds, their races, and their civilizations to finish with a living breathing setting exclusive to the Xbox 360. From a massive space citadel whose origins are lost in time to the utilitarian clothing of frontier colonists, each component, whether small or colossal, anomalous or common, within Mass Effect's universe need to be brought to detailed life. In this stunning volume, take an exclusive step back to when this universe was still forming in this compilation of art, images, and commentary taken directly from the artists' sketchbooks as they created the universe of Mass Effect.

The Quarian ark Keelah Si'yah sails toward the Andromeda galaxy, carrying 20,000 colonists from sundry races including the drell, the elcor, and the batarians. Thirty years from their destination, a routine check reveals drell lying dead in their pods, and a deadly pathogen on board. Soon, the disease is jumping species, and it quickly becomes clear that this is no accident. It's murder, and the perpetrator is still on board. The ship's systems rapidly degrade, and panic spreads among the colonists, for the virus yields a terrible swelling of the brain that causes madness, hallucinations, and dreadful violence. If the ship's crew can't restore their technology and find a cure, the Keelah Si'yah will never make it to the Nexus. Copyright © 2017-2018 Electronic Arts Inc.
