Gripping account by Richard Hammond of life before and after his terrifying high-speed car crash. Richard Hammond is one of our most in-demand and best-loved television presenters. In September 2006, he suffered a serious brain injury following a high-speed car crash. ON THE EDGE is his compelling account of life before and after the accident and an honest description of his recovery, full of drama and incident. An adrenalin junkie long before his association with Top Gear, Richard tells the story of his life, from the small boy showing off with ridiculous stunts on his bicycle to the adolescent with a near-obsessive attraction to speed and the smell of petrol. After a series of jobs in local radio, he graduated to television and eventually to Top Gear. His insights into the personalities, the camaraderie and the stunts for which Top Gear has become famous, make compulsive reading. It was whilst filming for Top Gear that Richard was involved in a high speed crash, driving a jet-powered dragster. His wife Mindy tells the story of the anxious hours and days of watching and waiting until he finally emerged from his coma. In an extraordinarily powerful piece of writing, she and Richard then piece together the stages of his recovery as his shattered mind slowly reformed. The final chapter recounts his return home and his triumphant reappearance in front of the cameras.

BOOK TWO of the EVERY LIFE SERIES After witnessing Makenna's journey to find herself again, Callie is reminded of her own struggles with love. No, Wes wasn't always the easy going guy that he is today. He was moody and unpredictable in the worst of ways, and she was certain to call him out on it every chance she got. Looking back, she's amazed at how much their lives have changed since they met. Before tragedy shook them to the very core of their lives. Before her dream career began. And before Wes wasn't a broody jerk with a closet full of personalities. Yes, just four years ago, everything was different... Makenna and Shane are just a couple of lovesick college students, and Callie is doing her best to keep up with the demands of her junior year. Life is boring, and she is totally fine with that. But boring flies right out the window the day Makenna cons Callie into helping with Shane's brother's birthday party. She expects a gangly pimple-faced teenager, but Wes is far from it. He is temperamental and opinionated, but he is also incredibly hot and thoroughly enjoys pushing her buttons. And she pushes his right back. Even though their undeniable attraction draws them to one another, Wes is clear with Callie about one thing. Relationships are off limits. Friendship is all he has to offer, unless of course, Callie is willing to add a few benefits to that. He works hard to keep the reasons for his aversion hidden, but secrets have a way of making themselves known sometimes, no matter how deep you bury them. Two of those secrets hold the key to unlocking Wes' fears of the ultimate betrayal. And the other secret has Callie falling even deeper than she ever dreamed. But she's unsure of one thing . . . is she enough to save him from himself?

This book is an excellent supplementary textbook, written in simple language and easy to understand even for beginners. All topics related to microbiology are covered - general aspects like techniques, culture and identification of bacteria, bacterial genetics, water, soil and food microbiology and the study of viruses and fungi. Medical microbiology is also discussed, dealing with sample collection and identification of common pathogenic bacteria. The book has a unique style - a basic idea of the topic is given followed by various laboratory methods presented systematically, keeping in mind problems faced by students and also stressing the "do's and don'ts" whilst carrying out various experiments. Diagrams and flow charges help to make learning easier and more interesting. And the final chapters contain instructions on practical exercises written to enable the student to perform them with confidence and ease. This is a superb step-by-step guide for microbiology students.

UK companies are governed by legal and other regulatory requirements impacting elements of financial statements that are common to users of both International Financial Reporting Standards (IFRS) and UK GAAP. These are often referred to as the 'front half' of the financial statements. This publication contains the guidance applicable to all UK companies regardless of the GAAP under which their financial statements are prepared. Key updates from the previous edition (Manual of Accounting: Management Reports and Governance 2011) include updated chapters on business review and corporate governance, with many more illustrations and examples. Written by PwC's UK Assurance Risk and Quality team, the manual includes practical advice based on PwC's work advising clients, partners, and staff. The book will be of particular interest to finance directors, accountants, legal practitioners, company administrators, financial advisors, and auditors.

The words you speak will either put you over in life or hold you in bondage. Many people have been held captive in their circumstances by their own words. The absence of God's Word in your life will rob you of faith in His ability.

"A stunning follow-up to the best-seller Angelology. . . Part historical novel, fantasy, love story, thriller, and mystery. . . It's a must-read." —Booklist (starred review) A New York Times bestseller and global sensation, Angelology unfurled a brilliant tapestry of myth and biblical lore on our present-day world and plunged two star-crossed heroes into an ancient battle against mankind's greatest enemy: the fatally attractive angel-human hybrids known as the Nephilim. With Angelopolis, the conflict deepens into an inferno of danger and passion unbound. A decade has passed since Verlaine saw Evangeline alight from the Brooklyn Bridge, the sight of her new wings a betrayal that haunts him still. Now an elite angel hunter for the Society of Angelology, he pursues his mission with single-minded devotion: to capture, imprison, and eliminate her kind. But when Evangeline suddenly appears on a twilit Paris street, Verlaine finds her nature to be unlike any of the other creatures he so mercilessly pursues, casting him into a spiral of doubt and confusion that only grows when she is abducted before his eyes by a creature who has topped the society's most-wanted list for more than a century. The ensuing chase drives Verlaine and his fellow angelologists from the shadows of the Eiffel Tower to the palaces of St. Petersburg and deep into the provinces of Siberia and the Black Sea coast, where the truth of Evangeline's origins—as well as forces that could restore or annihilate them all—lie in wait. Conceived against an astonishing fresh tableau of history and science, Angelopolis plumbs Russia's imperial past, modern genetics, and ancient depictions of that most potent angelic appearance—the Annunciation

of Gabriel—in a high-octane tale of abduction, treasure seeking, and divine warfare as the fate of humanity once again hangs in the balance.

Bestselling authors Christine Arylo and Amy Ahlers show women how to take their self-bullying Inner Mean Girls to reform school with their internationally recognized seven-step program.

There is a silent epidemic spreading like wildfire among women—and no one seems to be talking about it. It's in our boardrooms, classrooms, and living rooms on every continent, and it's creating depression, stress, and isolation. Who is this culprit? Meet your Inner Mean Girl, the judgmental, critical, and belittling inner bully that almost every woman hears running through her mind on a daily basis. The Inner Mean Girl creates undue anxiety, cajoles you into making bad choices, and then berates you when they don't work out. But there is a cure. Reform Your Inner Mean Girl introduces the universal seven-step program that helps women transform their relationships with themselves from self-sabotage to self-love. With a mix of play, humor, creativity, and self-inquiry, Reform Your Inner Mean Girl transforms a woman's self-bullying thoughts, emotions, actions, and feelings, and helps her get in touch with a much more powerful voice—her Inner Wisdom. After graduating, women can finally make choices that create more happiness, peace, love, and success.

Eloisa James breathes new life into one of the most popular fiction genres with her highly original debut novel *Potent Pleasures*, a charming, vividly peopled Regency romance. With an uncanny wit and an eye for the whimsical, she unravels a complex--and often hilarious--chain of events inadvertently set in motion by a young woman's first taste of forbidden pleasure. About to make her debut in London society, Charlotte Calverstill, beneath the lavish gowns and manners of a well-brought-up young lady, yearns for a taste of freedom. Pushing propriety aside, one evening she sneaks out with a friend to attend a masked ball, and there meets a devastatingly handsome stranger who relieves her--not against her wishes--of her virtue, then vanishes. Years later, when they meet again, the rogue does not remember Charlotte. But she certainly remembers him; she has since learned not only his identity, but also a titillating piece of gossip about him that is sure to set society abuzz. The intricate web that a now-wiser Charlotte weaves to exact her due ensures justice for some and great merriment for all. Taking the Regency historical to fresh new places, with artful smoothness and irrepressible humor, Eloisa James delivers a winsome tale of first love and life's unexpected surprises. BONUS: This edition contains an excerpt from Eloisa James's *Paris in Love*.
