

## Market Wizards Interviews With Top Traders Updated

"Reminiscences of a Stock Operator" is the most widely read, highly recommended investment book ever. Generations of readers have found that it has more to teach them about markets and people than years of experience. This is a timeless tale that will enrich your life - and your portfolio.

Mark Andrew Ritchie (featured in Schwager's best-selling Market Wizards II) grew up in the poverty and strangeness of Afghanistan, the deep south of Texas, and an Oregon-coast logging town. The Vietnam War crystallized his love of rebellion. He became an occupational vagabond--funeral home operative, Chicago Transit bus driver, long-haul trucker, jail guard, and more--an unlikely backdrop for launching a career in the take-no-prisoners financial markets of Chicago.

"...concise, easy-to-read, and filled with solid advice. An evening spent reading Panic-Proof Investing could prove to be one of the best investments the novice investor can make." —Jack Schwager, author, The New Market Wizards Featured in Jack Schwager's bestselling The New Market Wizards, Tom Basso is one of the most popular and most quoted professional traders in the world. In a book rich with wit, wisdom, and a wealth of practical advice, Tom Basso, a.k.a. "Mr. Serenity," tells you how to center yourself for smart, balanced investment choices. Taking aim at internal roadblocks to success, Tom clearly shows why the sine qua non of being a successful investor is to "know thyself." Writing in a jargon-free, down-to-earth style, he prepares you for the investment process with tips on how to stay focused; how to avoid and cope with common frustrations; and how to avoid psychological pitfalls that lead to poor decision-making and disappointing returns. Witty, familiar, easy-to-read, and peppered with lively cartoons and illustrations Packed with real-life case studies and telling parables in which you'll recognize your own and your friends' experiences Features a handy "Panic-Proof Investor Checklist" that sums up the most important points covered in the book

Overcome psychological obstacles to increase trading success Successful traders need to be well-versed and skilled in a wide range of business and economic areas. But now, in addition to effective trading strategies and sound money management techniques, traders need to possess the know-how to handle the mental and emotional challenges of working in a highly volatile environment. Trade Mindfully is a unique resource that applies cutting-edge psychological techniques to trading skills, allowing readers to improve their mental outlooks and maximize the potential of their trading strategies. This book draws upon recent psychological research in behaviorism to teach new approaches that call for better focus, more confidence, and more positive perspectives and outcomes. One of the key concepts covered in the book is mindfulness, a state of mind traditionally touted in the East for its ability to reduce stress and increase perspective, useful qualities for traders looking to rise above emotional obstacles and the poor results they cause. The author also discusses the importance of High Value Trading Actions (HVAs), specific actions that are under a trader's control. With this guide, trading professionals will be able to form solid strategies based on a combination of these notions and practices, leading to higher levels of trading performance. Applies sound psychological practice and evidence-based research to the trading profession Covers the psychological perspectives and mental skills needed to succeed in today's trading world Focuses on key concepts that lead to deliberate practice, specific trading activities, and increased awareness and focus Designed to help traders deal with the emotional challenges that come with uncertainty and risk Trade Mindfully touches on the most essential concepts for anyone intrigued by what trading psychology has to offer, and delivers the best strategies for achieving the right mental skills for peak performance.

Douglas uncovers the underlying reasons for lack of consistency and helps traders overcome the ingrained mental habits that cost them money. He takes on the myths of the market and exposes them one by one teaching traders to look beyond random outcomes, to understand the true realities of risk, and to be comfortable with the "probabilities" of market movement that governs all market speculation.

"As the founder of Rich20something.com, Daniel DiPiazza has helped thousands break out of their daily grinds, build businesses they care about, and achieve more success than they ever imagined" --Back cover.

How to transform your trading results by transforming yourself In the unique arena of professional trading coaches and consultants, Van K. Tharp is an internationally recognized expert at helping others become the best traders they can be. In Trading Beyond the Matrix: The Red Pill for Traders and Investors, Tharp leads readers to dramatically improve their trading results and financial life by looking within. He takes the reader by the hand through the steps of self-transformation, from incorporating "Tharp Think"—ideas drawn from his modeling work with great traders—making changes in yourself so that you can adopt the beliefs and attitudes necessary to win when you stop making mistakes and avoid methods that don't work. You'll change your level of consciousness so that you can avoid trading out of fear and greed and move toward higher levels such as acceptance or joy. A leading trader offers unique learning strategies for turning yourself into a great trader Goes beyond trading systems to help readers develop more effective trading psychology Trains the reader to overcome self-sabotage that obstructs trading success Presented through real transformations made by other traders Advocating an unconventional approach to evaluating trading systems and beliefs, trading expert Van K. Tharp has produced a powerful manual every trader can use to make the best trades and optimize their success.

Some of the most successful traders in the U.S., Australia, and Asia share their secrets with you Following on the heels of the bestselling Volume I, The Wiley Trading Guide, Volume II brings together an elite selection of writings from many of the most successful traders in the world today. Dungeons & Dragons is the world's greatest roleplaying game. Created in 1974, D&D transformed gaming culture by blending traditional fantasy with miniatures and wargaming.

Fascinating insights into the hedge fund traders who consistently outperform the markets, in their own words From bestselling author, investment expert, and Wall Street theoretician Jack Schwager comes a behind-the-scenes look at the world of hedge funds, from fifteen traders who've consistently beaten the markets. Exploring what makes a great trader a great trader, Hedge Fund Market Wizards breaks new ground, giving readers rare insight into the trading philosophy and successful methods employed by some of the most profitable individuals in the hedge fund business. Presents exclusive interviews with fifteen of the most successful hedge fund traders and what they've learned over the course of their careers Includes interviews with Jamie Mai, Joel Greenblatt, Michael Platt, Ray Dalio, Colm O'Shea, Ed Thorp, and many more Explains forty key lessons for traders Joins Stock Market Wizards, New Market Wizards, and Market Wizards as the fourth installment of investment guru Jack Schwager's acclaimed bestselling series of interviews with stock market experts A candid assessment of each trader's successes and failures, in their own words, the book shows readers what they can learn from each, and also outlines forty essential lessons—from finding a trading method that fits an investor's personality to learning to appreciate the value of diversification—that investment professionals everywhere can apply in their own careers. Bringing together the wisdom of the true masters of the markets, Hedge Fund Market Wizards is a collection of timeless insights into what it takes to trade in the hedge fund world.

Praise for THE NEW MARKET WIZARDS "Jack Schwager simply writes the best books about trading I've ever read. These interviews always give me a lot to think about. If you like learning about traders and trading, you'll find that reading this book is time well spent." -Richard Dennis, President, The Dennis Trading Group, Inc. "Jack Schwager's deep knowledge of the markets and his extensive network of personal contacts throughout the industry have set him apart as the definitive market chronicler of our age." -Ed Seykota "Very interesting indeed!" -John Train, author of The Money Masters "Successful trading demands longtime experience because it requires firsthand knowledge. If there is a shortcut to this requirement, however, it is in reading about the experiences of others. Jack Schwager's book provides that shortcut. If you find yourself sweating upon occasion as you read, then you're as close to the trading experience as you can get without actually doing it yourself." -Robert R. Prechter, Jr., editor, The Elliott Wave Theorist THE NEW MARKET WIZARDS Some traders distinguish themselves from the herd. These supertraders make millions of dollars-sometimes in hours-and consistently outperform their peers. As he did in his acclaimed national bestseller, Market Wizards, Jack Schwager interviews a host of these supertraders, spectacular winners whose success occurs across a spectrum of financial markets. These traders use different methods, but they all share an edge. How do they do it? What separates them from the others? What can they teach the average trader or investor? In The New Market Wizards, these wildly successful traders relate the financial strategies that have rocketed them to success, as well as the embarrassing losses that have proven them all too human. Meet the Wizards of Wall Street: \* Stan Druckenmiller, who, as manager of the Soros Quantum Fund, realized an average annual return of more than 38 percent on assets ranging between \$2.0 and \$3.5 billion \* William Eckhardt, a mathematician who, in collaboration with trader Richard Dennis, selected and trained the now-legendary circle known as the Turtles \* Bill Lipschutz, a former architect who, for eight years, was Salomon Brothers' largest and most successful currency trader \* Blair Hull, a one-time blackjack player who began an options trading company with Asking the questions that readers with an interest in the financial markets would love to pose to the financial superstars, and filled with candid appraisals, The New Market Wizards takes its place as a classic.

Now you can master the art of foreign exchange trading While most currency trading and foreign exchange books focus on international finance theory or simplistic chart-based strategies, The Art of Currency Trading is a comprehensive guide that will teach you how to profitably trade currencies in the real world. Author Brent Donnelly has been a successful interbank FX trader for more than 20 years and in this book, he shares the specific strategies and tactics he has used to profit in the forex marketplace. The book helps investors understand and master foreign exchange trading in order to achieve sustainable long-term financial success. The book builds in intensity and depth one topic at a time, starting with the basics and moving on to intermediate then advanced setups and strategies. Whether you are new to currency trading or have years of experience, The Art of Currency Trading provides the information you need to learn to trade like an expert. This much-needed guide provides: an insider's view of what drives currency price movements; a clear explanation of how to combine macro fundamentals, technical analysis, behavioral finance and diligent risk management to trade successfully; specific techniques and setups you can use to make money trading foreign exchange; and steps you can take to better understand yourself and improve your trading psychology and discipline. Written for currency traders of all skill levels, international stock and bond investors, corporate treasurers, commodity traders, and asset managers, The Art of Currency Trading offers a comprehensive guide to foreign exchange trading written by a noted expert in the field.

How do you transform yourself from mild-mannered investor to Super Trader? Think clearly. Plan accordingly. Commit completely. In other words, become a trader. And no one is better suited to help you make the transformation than legendary trading educator and author Van K. Tharp. Combining the sharp insight and technical brilliance that has drawn legions of investors to his books and seminars, Tharp provides a holistic approach for becoming a successful full-time trader. His system—a meld of investing psychology and sound trading practice—is the secret to achieving optimum conditions that produce results in both bull and bear markets. Using the lessons of Super Trader, you will approach trading as you would a small business—realistically, systematically, and enthusiastically. Drawing on his decades of experience, Tharp has created a simple plan designed to help anyone master the market. You can put this plan to use immediately in order to: Master the psychology of trading Craft a “business plan”—a working document to guide your trading Develop a trading system tailored for your personal needs and skills Create position-sizing strategies to meet your objectives Monitor yourself constantly to minimize mistakes Throughout the book, Tharp asks the pertinent questions you must ask yourself about becoming a trader, being a trader, and succeeding as a trader. The rewards that come with being a Super Trader—both financial and personal—make you feel as if you can leap small

buildings in a single bound. Whatever your skill level, Tharp provides the formula for succeeding in a field where most people fail.

With a new foreword by Peter Brandt. Richard W. Schabacker's great work, *Technical Analysis and Stock Market Profits*, is a worthy addition to any technical analyst's personal library or any market library. His "pioneering research" represents one of the finest works ever produced on technical analysis, and this book remains an example of the highest order of analytical quality and incisive trading wisdom. Originally devised as a practical course for investors, it is as alive, vital and instructional today as the day it was written. It paved the way for Robert Edwards and John Magee's best-selling *Technical Analysis of Stock Trends* - a debt which is acknowledged in their foreword: 'Part One is based in large part on the pioneer researches and writings of the late Richard Schabacker.' Schabacker presents technical analysis as a totally organized subject and comprehensively lays out the various important patterns, formations, trends, support and resistance areas, and associated supporting technical detail. He presents factors that can be confidently relied on, and gives equal attention to the blemishes and weaknesses that can upset the best of analytical forecasts: Factors which investors would do well to absorb and apply when undertaking the fascinating game of price, time and volume analysis.

A complete collection of Jack D. Schwager's bestselling Market Wizards series In his Market Wizards series, author and financial industry expert Jack D. Schwager reveals inside secrets, tips, and insight from the top traders in today's financial markets. Packed with winning advice for individual traders and professionals alike, this five-volume collection compiles Schwager's best in one package at one low price. The set includes: The hardcover edition of the original *Market Wizards: Interviews with Top Traders* featuring guiding trading principles based on firsthand interviews with successful traders in most financial markets The hardcover edition of *The New Market Wizards: Interviews with America's Top Traders* featuring even more invaluable insight from even more super-successful traders The hardcover edition of *Stock Market Wizards: Interviews with America's Top Stock Traders* featuring enlightening stories from successful stock traders, from self-taught traders to professional hedge fund managers The hardcover edition of *Hedge Fund Market Wizards: How Winning Traders Win* featuring a behind-the-scenes look at the world of hedge funds and fifteen traders who have consistently beaten the markets The *Winning Methods of the Market Wizards* DVD which reveals the key tactics and shared traits of the world's most acclaimed traders

An accessible look at the art of investing and how to adopt the practices of top professionals What differentiates the highly successful market practitioners—the Market Wizards—from ordinary traders? What traits do they share? What lessons can the average trader learn from those who achieved superior returns for decades while still maintaining strict risk control? Jack Schwager has spent the past 25 years interviewing the market legends in search of the answers—a quest chronicled in four prior Market Wizards volumes totaling nearly 2,000 pages. In *The Little Book of Market Wizards*, Jack Schwager seeks to distill what he considers the essential lessons he learned in conducting nearly four dozen interviews with some of the world's best traders. The book delves into the mindset and processes of highly successful traders, providing insights that all traders should find helpful in improving their trading skills and results. Each chapter focuses on a specific theme essential to market success Describes how all market participants can benefit by incorporating the related traits, behaviors, and philosophies of the Market Wizards in their own trading Filled with compelling anecdotes that bring the trading messages to life, and direct quotes from the market greats that resonate with the wisdom born of experience and skill Stepping clearly outside the narrow confines of most investment books, *The Little Book of Market Wizards* focuses on the value of understanding one's self within the context of successful investing.

The empowering story of Larry Hite's unlikely rise to the top of the hedge fund world—with critical insights and lessons you can take to the bank In *The Rule*, legendary trader and hedge fund pioneer Larry Hite recounts his working-class upbringing in Brooklyn as a dyslexic, partially blind kid who was anything but a model student—and how he went on to found and run Mint Investment Management Company, one of the most profitable and largest quantitative hedge funds in the world. Hite's wild success is based on his deep understanding that markets are flawed—just like people. Through his early-life struggles and failures, Hite came to know himself well—his fears, his frustrations, his self-doubt, and his tolerance for all of the above. This motivational book reveals that by accepting the facts of his life and of himself, he was able to accept markets as they are. And that was the key to his success. In these pages, you'll walk of the footsteps of an investing legend, who imparts smart, practical trading lessons throughout the journey. Making a successful living in trading isn't about beating the markets. It's about meeting markets where they are, embracing the fact of risk, knowing yourself, and playing it strictly by the numbers. *The Rule* shows that investing decisions are not only bets or gambles, but investments in time, energy, and attention. By focusing on realistic returns on your investments—versus what you expect or hope to get—you immediately improve your probability for success.

The third in the bestselling Market Wizards series, this time focusing on the barometer of the economy—the stock market. It has been nearly a decade since the publication of the highly successful *The New Market Wizards*. The interim has witnessed the most dynamic bull market in US stock history, a collapse in commodity prices, dramatic failures in some of the world's leading hedge funds, the burst of the Internet bubble, a fall into recession and subsequent rumblings of recovery. Who have been the 'market wizards' during this tumultuous financial period? How did some traders manage to significantly outperform a stockmarket that during its heyday moved virtually straight up? This book will feature interviews with a variety of traders who achieved phenomenal financial success during the glory days of the Internet boom. In contrast with the first two Market Wizard books, which included traders from a broad financial spectrum—stocks, bonds, currencies and futures—this volume will focus on traders in the stockmarket.

For Amazon customers: The new version of the book, printed on higher quality paper, is now available to purchase. The essential futures market reference guide *A Complete Guide to the Futures Market* is the comprehensive resource for futures traders and analysts. Spanning everything from technical analysis, trading systems, and fundamental analysis to options, spreads, and practical trading principles, *A Complete Guide* is required reading for any trader or investor who wants to successfully navigate the futures market. Clear, concise, and to the point, this fully revised and updated second edition provides a solid foundation in futures market basics, details key analysis and forecasting techniques, explores advanced trading concepts, and illustrates the practical application of these ideas with hundreds of market examples. *A Complete Guide to the Futures Market: Details* different trading and analytical approaches, including chart analysis, technical indicators and trading systems, regression analysis, and fundamental market models. Separates misleading market myths from reality. Gives step-by-step instruction for developing and testing original trading ideas and systems. Illustrates a wide range of option strategies, and explains the trading implications of each. Details a wealth of practical trading guidelines and market insights from a recognized trading authority. Trading futures without a firm grasp of this market's realities and nuances is a recipe for losing money. *A Complete Guide to the Futures Market* offers serious traders and investors the tools to keep themselves on the right side of the ledger.

The Market Wizards are back! *Unknown Market Wizards* continues in the three-decade tradition of the hugely popular Market Wizards series, interviewing exceptionally successful traders to learn how they

achieved their extraordinary performance results. The twist in Unknown Market Wizards is that the featured traders are individuals trading their own accounts. They are unknown to the investment world. Despite their anonymity, these traders have achieved performance records that rival, if not surpass, the best professional managers. Some of the stories include: - A trader who turned an initial account of \$2,500 into \$50 million. - A trader who achieved an average annual return of 337% over a 13-year period. - A trader who made tens of millions using a unique approach that employed neither fundamental nor technical analysis. - A former advertising executive who used classical chart analysis to achieve a 58% average annual return over a 27-year trading span. - A promising junior tennis player in the UK who abandoned his quest for a professional sporting career for trading and generated a nine-year track record with an average annual return just under 300%. World-renowned author and trading expert Jack D. Schwager is our guide. His trademark knowledgeable and sensitive interview style encourages the Wizards to reveal the fascinating details of their training, experience, tactics, strategies, and their best and worst trades. There are dashes of humour and revelations about the human side of trading throughout. The result is an engrossing new collection of trading wisdom, brimming with insights that can help all traders improve their outcomes.

Stocks for the Long Run set a precedent as the most complete and irrefutable case for stock market investment ever written. Now, this bible for long-term investing continues its tradition with a fourth edition featuring updated, revised, and new material that will keep you competitive in the global market and up-to-date on the latest index instruments. Wharton School professor Jeremy Siegel provides a potent mix of new evidence, research, and analysis supporting his key strategies for amassing a solid portfolio with enhanced returns and reduced risk. In a seamless narrative that incorporates the historical record of the markets with the realities of today's investing environment, the fourth edition features: A new chapter on globalization that documents how the emerging world will soon overtake the developed world and how it impacts the global economy An extended chapter on indexing that includes fundamentally weighted indexes, which have historically offered better returns and lower volatility than their capitalization-weighted counterparts Insightful analysis on what moves the market and how little we know about the sources of big market changes A sobering look at behavioral finance and the psychological factors that can lead investors to make irrational investment decisions A major highlight of this new edition of Stocks for the Long Run is the chapter on global investing. With the U.S. stock market currently holding less than half of the world's equity capitalization, it's important for investors to diversify abroad. This updated edition shows you how to create an "efficient portfolio" that best balances asset allocation in domestic and foreign markets and provides thorough coverage on sector allocation across the globe. Stocks for the Long Run is essential reading for every investor and advisor who wants to fully understand the market—including its behavior, past trends, and future influences—in order to develop a prosperous long-term portfolio that is both safe and secure.

Welcome to the world of Martin "Buzzy" Schwartz, Champion Trader--the man whose nerves of steel and killer instinct in the canyons of Wall Street earned him the well-deserved name "Pit Bull." This is the true story of how Schwartz became the best of the best, of the people and places he discovered along the way and of the trader's tricks and techniques he used to make his millions.

THE INVESTMENT CLASSIC "I've read Market Wizards at several stages of my career as it shows the staying power of good down-to-earth wisdoms of true practitioners with skin in the game. This is the central document showing the heuristics that real-life traders use to manage their affairs, how people who do rather than talk have done things. Twenty years from now, it will still be fresh. There is no other like it." —NASSIM N. TALEB, former derivatives trader, author of The Black Swan, and professor, NYU-Poly "Market Wizards is one of the most fascinating books ever written about Wall Street. A few of the 'Wizards' are my friends—and Jack Schwager has nailed their modus operandi on the head." —MARTIN W. ZWEIG, PhD, Editor, The Zweig Forecast "It is difficult enough to develop a method that works. It then takes experience to believe what your method is telling you. But the toughest task of all is turning analysis into money. If you don't believe it, try it. These guys have it all: a method, the conviction, and the discipline to act decisively time after time, regardless of distractions and pressures. They are heroes of Wall Street, and Jack Schwager's book brings their characters vividly to life." —ROBERT R. PRECHTER, JR., Editor, The Elliott Wave Theorist

"Hedge Fund Market Wizards will be a modern day sequel to the highly successful Market Wizards and New Market Wizards written over 20 years ago. These two earlier volumes have become classics in the investment literature and have been read by virtually every hedge fund manager, as well as by a much broader lay audience. This new volume in the series will follow the same effective formula used by its predecessors. The book will devote a chapter to each of a broad array of highly successful traders, ranging widely in the markets they trade and their methodologies, but sharing in their achievement of superior performance. Each chapter, following the original format, will include an introductory section, a core section based on an interview with the trader, and a conclusion section that seeks to draw useful trading and investment lessons illustrated by the trader's approach and advice"--

This is the true story behind Wall Street legend Richard Dennis, his disciples, the Turtles, and the trading techniques that made them millionaires. What happens when ordinary people are taught a system to make extraordinary money? Richard Dennis made a fortune on Wall Street by investing according to a few simple rules. Convinced that great trading was a skill that could be taught to anyone, he made a bet with his partner and ran a classified ad in the Wall Street Journal looking for novices to train. His recruits, later known as the Turtles, had anything but traditional Wall Street backgrounds; they included a professional blackjack player, a pianist, and a fantasy game designer. For two weeks, Dennis taught them his investment rules and philosophy, and set them loose to start trading, each with a million dollars of his money. By the time the experiment ended, Dennis had made a hundred million dollars from his Turtles and created one killer Wall Street legend. In The Complete Turtle Trader, Michael W. Covel, bestselling author of Trend Following and managing editor of TurtleTrader.com, the leading website on the Turtles, tells their riveting story with the first ever on the record interviews with individual Turtles. He describes how Dennis interviewed and selected his students, details their education and experiences while working for him, and breaks down the Turtle system and rules in full. He reveals how they made astounding fortunes, and follows their lives from the original experiment to the present day. Some have grown even wealthier than ever, and include some of today's top hedge fund managers. Equally important are those who passed along their approach to a second generation of Turtles, proving that the Turtles' system truly is reproducible, and that anyone with the discipline and the desire to succeed can do as well as—or even better than—Wall Street's top hedge fund wizards. In an era full of slapdash investing advice and promises of hot stock tips for "the next big thing," as popularized by pundits like Jim Cramer of Mad Money, the easy-to-follow objective rules of the TurtleTrader stand out as a sound guide for truly making the most out of your money. These rules worked—and still work today—for the Turtles, and any other investor with the desire and commitment to learn from one of the greatest investing stories of all time.

Revered by many, reviled by some, technical analysis is the art and science of deciphering price activity to better understand market behavior and identify trading opportunities.

In this accessible guide, Jack Schwager-perhaps the most recognized and respected name in the field-demystifies technical analysis for beginning investors, clearly explaining such basics as trends, trading ranges, chart patterns, stops, entry, and exit and pyramiding approaches. The book's numerous examples and clear, simple explanations provide a solid framework for using technical analysis to make better, more informed investment decisions and as the basis for mechanical trading systems. Along with Schwager's invaluable trading rules and market observations culled from years of real-world trading experience, *Getting Started in Technical Analysis* offers in-depth coverage of: \* Types of charts-bar, close-only, point-and-figure, candlestick. \* Chart patterns-one-day, continuation, top and bottom formations, the importance of failed signals. \* Trading systems-trend-following, counter-trend, pattern recognition. \* Charting and analysis software-price data issues, time frame/trading style considerations, software research. \* The planned trading approach-trading philosophy, choosing markets, risk control strategies, establishing a trading routine.

"Guy Cohen is the master when it comes to taming the complexities of options. From buying calls and puts to iron butterflies and condors, Guy explains these strategies in a clear and concise manner that options traders of any level can understand. His chapter on options and taxes is especially welcomed (and needed). *The Bible of Options Strategies* is a straightforward, easy-to-use reference work that should occupy a space on any options trader's bookshelf." -Bernie Schaeffer, Chairman and CEO, Schaeffer's Investment Research, Inc. "The author delivers clarity, insight and perception making learning about options a joy, and practicing the art of making money that much easier: truly a bible from a guru." -Alpesh B. Patel, Author and Financial Times Columnist "Guy Cohen truly makes learning about options easy in this fact-filled guide. Bullet points make for a quick and enlightened read, getting to the heart of what you really need to know about each options strategy. This book is a must for any serious trader's library." -Price Headley, Founder, BigTrends.com Pick the right options strategies...implement them step-by-step...maximize your profits! "We're going to raise traders just like they raise turtles in Singapore." So trading guru Richard Dennis reportedly said to his long-time friend William Eckhardt nearly 25 years ago. What started as a bet about whether great traders were born or made became a legendary trading experiment that, until now, has never been told in its entirety. *Way of the Turtle* reveals, for the first time, the reasons for the success of the secretive trading system used by the group known as the "Turtles." Top-earning Turtle Curtis Faith lays bare the entire experiment, explaining how it was possible for Dennis and Eckhardt to recruit 23 ordinary people from all walks of life and train them to be extraordinary traders in just two weeks. Only nineteen years old at the time-the youngest Turtle by far-Faith traded the largest account, making more than \$30 million in just over four years. He takes you behind the scenes of the Turtle selection process and behind closed doors where the Turtles learned the lucrative trading strategies that enabled them to earn an average return of over 80 percent per year and profits of more than \$100 million. You'll discover How the Turtles made money-the principles that guided their trading and the step-by-step methods they followed Why, even though they used the same approach, some Turtles were more successful than others How to look beyond the rules as the Turtles implemented them to find core strategies that work for any tradable market How to apply the Turtle Way to your own trades-and in your own life Ways to diversify your trading and limit your exposure to risk Offering his unique perspective on the experience, Faith explains why the Turtle Way works in modern markets, and shares hard-earned wisdom on taking risks, choosing your own path, and learning from your mistakes.

Trader Vic -- *Methods of a Wall Street Master* Investment strategies from the man Barron's calls "The Ultimate Wall Street Pro" "Victor Sperandeo is gifted with one of the finest minds I know. No wonder he's compiled such an amazing record of success as a money manager. Every investor can benefit from the wisdom he offers in his new book. Don't miss it!" --Paul Tudor Jones Tudor Investment Corporation "Here's a simple review in three steps: 1. Buy this book! 2. Read this book! 3. See step 2. For those who can't take a hint, Victor Sperandeo with T. Sullivan Brown has written a gem, a book of value for everyone in the markets, whether egghead, novice or seasoned speculator." --John Sweeney *Technical Analysis of Stocks and Commodities* "Get *Trader Vic-Methods of a Wall Street Master* by Victor Sperandeo, read it over and over and you'll never have a losing year

again." --Yale Hirsch Smart Money "I have followed Victor Sperandio's advice for ten years, and the results have been outstanding. This book is a must for any serious investor."  
--James J. Hayes, Vice President, Investments Prudential Securities Inc. "This book covers all the important aspects of making money and integrates them into a unifying philosophy that includes economics, Federal Reserve policy, trading methods, risk, psychology, and more. It's a philosophy everyone should understand." --T. Boone Pickens, General Partner Mesa Limited Partnership "This book gave me a wealth of new insights into trading. Whether you're a short-term trader or a long-term investor, you will improve your performance by following Sperandio's precepts." --Louis I. Margolis Managing Director, Salomon Brothers, Inc.

Market Wizards: Interviews with Top Traders John Wiley & Sons

"Brian Smith and Paul Raspin demonstrate a thorough and pragmatic approach to creating and applying sound market insight. Using numerous practical examples, learning points and provocative takeaways, they build on established strategic marketing principles to give you actionable knowledge you can apply your business to create lasting market advantage." Beverley Dipper, Market Insight Manager, Microsoft UK Ltd "I have no hesitation in saying buy this book. It will find a front and centre position in your bookshelf, with plenty of post-its marking pages that you will return to again and again." Mark Irvine, Strategy Manager, De Beers Diamond Trading Company "A readable and well-founded description of how to generate actionable customer insight and follow it through with passionate and consistent execution" Dag Larsson Global Brand Insight Director, AstraZeneca Creating Market Insight addresses the key strategic issue facing any company: How do we make sense of our market and find those precious nuggets of knowledge that lead to real competitive advantage? Creating Market Insight: Explains how firms tailor their market scanning behaviour to work well in the special conditions of their market Describes the process through which data is translated first into information, and then knowledge Differentiates routine market knowledge from true insight and details how firms turn insight into value Provides a detailed, step-by-step process that enables the reader to emulate the success of insightful firms Creating Market Insight is written for managers who need to need to create value in the real world.

Bestselling author, Jack Schwager, challenges the assumptions at the core of investment theory and practice and exposes common investor mistakes, missteps, myths, and misreads When it comes to investment models and theories of how markets work, convenience usually trumps reality. The simple fact is that many revered investment theories and market models are flatly wrong—that is, if we insist that they work in the real world. Unfounded assumptions, erroneous theories, unrealistic models, cognitive biases, emotional foibles, and unsubstantiated beliefs all combine to lead investors astray—professionals as well as novices. In this engaging new book, Jack Schwager, bestselling author of Market Wizards and The New Market Wizards, takes aim at the most perniciously pervasive academic precepts, money management canards, market myths and investor errors. Like so many ducks in a shooting gallery, Schwager picks them off, one at a time, revealing the truth about many of the fallacious assumptions, theories, and beliefs at the core of investment theory and practice. A compilation of the most insidious, fundamental investment errors the author has observed over his long and distinguished career in the markets Brings to light the fallacies underlying many widely held academic precepts, professional money management methodologies, and investment behaviors A sobering dose of real-world insight for investment professionals and a highly readable source of information and guidance for general readers interested in investment, trading, and finance Spans both traditional and alternative investment classes, covering both basic and advanced topics As in his best-selling Market Wizard series, Schwager manages the trick of covering material that is pertinent to professionals, yet writing in a style that is clear and accessible to the layman

"Minervini has run circles around most PhDs trying to design systems to beat the market." -- JACK SCHWAGER, bestselling author of Stock Market Wizards "Mark's book has to be on every investor's bookshelf. It is about the most comprehensive work I have ever read on investing in growth stocks." -- DAVID RYAN, three-time U.S. Investing Champion

"[Minervini is] one of the most highly respected independent traders of our generation. His experience and past history of savvy market calls is legendary." -- CHARLES KIRK, The Kirk Report "One of Wall Street's most remarkable success stories." -- BEN POWER, Your Trading Edge THE INVESTOR'S GUIDE TO SUPERPERFORMANCE!

Dramatically increase your stock market returns with the legendary SEPA system! For the first time ever, U.S. Investing Champion Mark Minervini reveals the proven, time-tested trading system he used to achieve triple-digit returns for five consecutive years, averaging 220% per year for a 33,500% compounded total return. In Trade Like a Stock Market Wizard, Minervini unveils his trademarked stock market method SEPA, which provides outsized returns in virtually every market by combining careful risk management, self-analysis, and perseverance. He explains in detail how to select precise entry points and preserve capital—for consistent triple-digit returns. Whether you're just getting started in the stock market or you're a seasoned pro, Minervini will show you how to achieve SUPERPERFORMANCE! You'll gain valuable knowledge as he shares lessons, trading truths, and specific tactics--all derived from his 30-year career as one of America's most successful stock traders. Trade Like a Stock Market Wizard teaches you: How to find the best stocks before they make big price gains How to avoid costly mistakes made by most investors How to manage losses and protect profits How to avoid high-risk situations Precisely when to buy and when to sell How to buy an IPO Why traditional valuation doesn't work for fast-growing Superperformers Examples of Minervini's personal trades with his comments With more than 160 chart examples and numerous case studies proving the remarkable effectiveness of Minervini's methodology, Trade Like a Stock Market Wizard puts in your hands one of the most effective and--until now--secretive stock investing systems in the world. MARK MINERVINI has a trademarked stock market method that produces outsized returns in virtually every market. It's called Specific Entry Point Analysis--SEPA--and it has been proven effective for selecting precise entry points, preserving capital and profits with even more precise exit points--and consistently producing triple-digit returns. Now, in Trade Like a Stock Market Wizard, Minervini shares--for

the first time ever--his coveted methodology with investors like you!

An inside look at what it really takes to become a better trader A proprietary trading firm consists of a group of professionals who trade the capital of the firm. Their income and livelihood is generated solely from their ability to take profits consistently out of the markets. The world of prop trading is mentally and emotionally challenging, but offers substantial rewards to the select few who can master this craft called trading. In *One Good Trade: Inside the Highly Competitive World of Proprietary Trading*, author Mike Bellafiore shares the principles and techniques that have enabled him to navigate the most challenging of markets over the past twelve years. He explains how he has imparted those techniques to an elite desk of traders at the proprietary trading firm he co-founded. In doing so, he lifts the veil on the inner workings of his firm, shedding light on the challenges of prop trading and insight on why traders succeed or fail. An important contribution to trading literature, the book will help all traders by: Emphasizing the development of skills that are critical to success, such as the fundamentals of *One Good Trade*, *Reading the Tape*, and *Finding Stocks In Play* Outlining the factors that really make the difference between a consistently profitable trader and one who underperforms Sharing entertaining, hysterical, and page turning stories of traders who have excelled or failed and why, many trained by the author, with an essential trading principle wrapped inside *Becoming a Better Trader* takes discipline, skill development, and statistically profitable trading strategies, and this book will show you how to develop all three.

An in-depth investigation into the increasingly popular investment: managed futures—written by one of the world's leading authorities "Jack Schwager has written the definitive book on managed futures investing. It is exhaustive in coverage, and the analysis is exceptionally rigorous. The writing is refreshingly candid and sure to provoke discussion on many important topics in the managed futures industry. This book should be required reading for anyone considering investing in managed futures." —Scott Irwin Professor, The Ohio State University "Jack continues to be both an educator and a portfolio manager. *Managed Trading* is a wonderful book and much needed in the industry. I consider it required reading for investors and financial industry professionals. Finally, a road map which outlines and explores investment issues succinctly." —M. Elaine Crocker President, Moore Capital Management, Inc. "This book is a 'must-read' for anyone thinking of investing in managed futures. Schwager combines the best of academic research on managed futures investments with his own practitioner experience to provide a comprehensive and insightful analysis of the managed futures industry." —Franklin R. Edwards Arthur F. Burns, Professor, Finance and Economics Columbia Business School "The futures markets will continue to grow worldwide. You should read Jack Schwager whether you are contemplating such investments or are already investing, or even if you just want to understand what is happening." —Jim Rogers Author, *Investment Biker* "Schwager puts managed futures in its proper perspective as a portfolio investment, providing the reader a complete and enlightening tour of the managed futures world. His writing style makes for easy reading and his common sense and good judgment shine through as he surveys the academic literature, linking the practical and the theoretical in evaluating these investments. New investors and old hands alike will find this a 'must buy and hold' book." —Mark J. Powers President, Powers & Dubin Asset Allocation and Management Co. Editor, *The Journal of Futures Markets*

The definitive guide to technical analysis . . . written from a trader's perspective With the keen insight and perspective that have made him a market legend, Jack D. Schwager explores, explains, and examines the application of technical analysis in futures trading. In the most in-depth, comprehensive book available, the bestselling investment writer demonstrates why he is one of today's foremost authorities. Here is the one volume no trader should be without. "Jack Schwager has accomplished the rarest of feats in this book. He has presented material in a way that both the professional and layman can profit from. It is a must read for traders on all levels." - Stanley Druckenmillern Managing Director, Soros Fund Management "Jack Schwager's *Technical Analysis* is exactly what one should expect from this expert on futures. The book is comprehensive, thoroughly insightful, and highly educational. I recommend it to the beginner as well as the expert." - Leo Melamed Chairman, Sakura Dellsher, Inc. "Jack Schwager possesses a remarkable ability to extract the important elements of complex, market-timing approaches, and distill that into something intelligible and useful. Not only is he able to present these ideas cleverly in an easily understood format, but he also demonstrates their application to the markets with clarity and precision." - Thomas R. DeMark Author, *The New Science of Technical Analysis* "Jack Schwager's book, *A Complete Guide to the Futures Markets*, was one of the best books I have read on futures trading. We give a copy of it to all our new analysts. Jack's latest work, *Technical Analysis*, looks like a gold mine of information, adding significantly to the existing investment literature." - Monroe Trout President, Trout Trading Management Co. Jack Schwager is one of the most important and visible figures in the futures industry today. His *Market Wizards* and *The New Market Wizards* are two of the bestselling finance titles of all time. Now, in the latest volume in the Schwager on Futures series, *Technical Analysis*, Schwager has created the most comprehensive guide ever for using technical analysis for futures trading. What makes *Technical Analysis* unique, besides its in-depth coverage, is that it is written from a trader's perspective. Schwager doesn't merely cover the subject, he explores what works and doesn't work in the real world of trading. Contains a comprehensive guide to chart analysis written with a particular focus on trading applications \* Includes a separate 200+ page section illustrating the use of chart analysis in the real world \* Details and illustrates several original trading systems \* Includes a self-contained primer on cyclical analysis \* Describes popular oscillators, the pitfalls in their common use, and guidelines to their successful application in trading \* Explains the concept and use of "continuous futures" and compares 10-year continuous futures charts with conventional nearest futures charts for all major U.S. futures markets \* Contains a section on trading strategy and philosophy, including over 100 trading tips Hundreds of charts, tables, and examples illustrate key points throughout, while the text is written in the informative, insightful, and nontechnical style that has made Jack Schwager one of the most highly regarded and bestselling investment

authors ever. This invaluable book by one of the world's foremost authorities is destined to become the premier industry guide on technical analysis for many years to come. Written by best selling author Peter C. Fusaro and renowned energy market expert and commentator Tom James, this book demonstrates that the forces of energy and environmental issues are linked more than ever before. The beginning of European emissions trading in 2005 and the implementation of the Kyoto protocol have accelerated efforts already underway in the US to use market forces to remediate environmental issues. Topics such as emissions trading, renewable energy trading, the fourth dimension in energy trading, and new outcomes on green project finance will be analyzed in this book.

How to get past the crisis and make the market work for you again The last decade has left people terrified of even the safest investment opportunities. This fear is not helping would-be investors who could be making money if they had a solid plan. The Little Book of Trading teaches the average person rules and philosophies that winners use to beat the market, regardless of the financial climate. The market has always fluctuated, but savvy traders know how to make money in good times and bad. Drawing on author Michael Covel's own trading experience, as well as insights from legendary traders, the book offers sound, practical advice in an easy to understand, readily digestible way. The Little Book of Trading: Identifies tools, concepts, psychologies, and philosophies that keep people protected and making money when the next market bubble or surprise crisis occurs Features top traders in each chapter that have beaten the market for decades, providing readers with their moneymaking knowledge Shows how traders who beat mutual fund performance make money at different times, not just from stocks alone Most importantly, The Little Book of Trading explains why mutual funds should not be the investment vehicle of choice for people looking to secure retirement, a radical realization highlighting the changed face of investing today.

THE INVESTMENT CLASSIC "I've read Market Wizards at several stages of my career as it shows the staying power of good down-to-earth wisdoms of true practitioners with skin in the game. This is the central document showing the heuristics that real-life traders use to manage their affairs, how people who do rather than talk have done things. Twenty years from now, it will still be fresh. There is no other like it." —NASSIM N. TALEB, former derivatives trader, author of The Black Swan, and professor, NYU-Poly "Market Wizards is one of the most fascinating books ever written about Wall Street. A few of the 'Wizards' are my friends—and Jack Schwager has nailed their modus operandi on the head."

—MARTIN W. ZWEIG, PhD, Editor, The Zweig Forecast "It is difficult enough to develop a method that works. It takes experience to believe what your method is telling you. But the toughest task of all is turning analysis into money. If you don't believe it, try it. These guys have it all: a method, the conviction, and the discipline to act decisively time after time, regardless of distractions and pressures. They are heroes of Wall Street, and Jack Schwager's book brings their characters vividly to life." —ROBERT R. PRECHTER, JR., Editor, The Elliott Wave Theorist
