This commemorative volume honors the contributions of Prof. Joseph F. Hair, Jr., who through his writings, leadership and mentoring has had a profound influence on marketing and other fields of business research. He is widely known for sidestepping mathematically complex ways of teaching statistical approaches with an eye toward making the tools accessible to the average behavioral researcher. Joe is also a bona fide researcher whose work has had a massive impact on marketing and business research in general. The book provides revealing insights on his works and acknowledges his role as an outstanding teacher and mentor who has shaped generations of researchers.

MKTG 3.0 delivers exactly what today's students need -- and want. How do we know? We asked. Wanting to build upon the success of MKTG we solicited feedback from thousands of students and hundreds of faculty about their experience with MKTG to understand how we might improve upon a winner. The result is MKTG 3.0. New examples, a more open page design, and even better technology, still delivered at an incredibly low price. A teaching and learning solution unlike any other!

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

to engage in dialogue and to think critically about the leaders and the leadership process. Self-assessments, which begin most chapters of the book, encourage students to look at their own personal leadership style. A capstone section of Applications, in the form of case studies and experiential exercises, asks students to move beyond theory to the practice of leadership. The authors use this combination of readings, self-assessments, and applications to create a “leadership mosaic” – one that encourages students to examine the concepts, propositions, perspectives, and theories one at a time as it builds towards the students ultimate unique leadership mosaic. Created through a "student-tested, faculty-approved" review process with feedback from students and faculty, MKTG 2010, Student Edition, is an engaging and accessible solution to accommodate the diverse lifestyles of today's learners.
