Kentucky and Kentuckians are full of stories, which may be why so many present-day writers have Kentucky roots. Whether they left and returned, like Wendell Berry and Bobbie Ann Mason, or adopted Kentucky as home, like James Still and Jim Wayne Miller, or grew up and left for good, like Michael Dorris and Barbara Kingsolver, they have one connection: Kentucky has influenced their writing and their lives. L. Elisabeth Beattie explores this influence in twenty intimate interviews. *Conversations with Kentucky Writers* was more than three years in the making, as Beattie traveled across the state and beyond to capture oral histories on tape. Her exhaustive knowledge of these authors helped her draw out personal revelations about their work, their lives, and the nature of writing. When Still concludes his interview with "I believe I've told you more than anybody," he could be speaking for any of Beattie's subjects. Aspiring writers will learn that Mason submitted twenty stories to the *New Yorker* before one was accepted, and that Still wrote articles for Sunday school magazines. There's plenty of advice: Dorris tells budding authors to get real jobs, keep journals, and

read everything, even cereal boxes, and Marsha Norman reminds playwrights that "it is not the business of the theater to provide writers with a living." Kingsolver advises, "Read good stuff and write bad stuff until eventually what you're writing begins to approximate what you're reading." Beattie's collection includes striking self-portraits of such writers as Sue Grafton, Leon Driskell, James Baker Hall, Fenton Johnson, George Ella Lyon, Taylor McCafferty, Ed McClanahan, Sena Naslund, Chris Offutt, Lee Pennington, and Betty Layman Receveur. What most distinguishes these moving conversations from other author interviews is their focus on creativity, on the teaching of writing, and on the authors' strong sense of place. As Wade Hall writes in his foreword, all twenty writers recognize that their works have been significantly influenced by their "Kentucky experience." This collection offers insights into Kentucky's rich and flowering literary heritage.

International Bestseller: The famed travel writer and author of *In Patagonia* traverses Australia, exploring Aboriginal culture and song—and humanity's origins. Long ago, the creators wandered Australia and sang the landscape into being, naming every rock, tree, and watering hole in the great desert. Those songs were passed down to the Aboriginals, and for centuries they have served not only as a shared heritage but as a living map. Sing the right song, and it can guide you across the desert. Lose the words, and you will die. Into this landscape steps Bruce Chatwin, the greatest travel writer of his generation, who comes to Australia to learn these songs. A born wanderer, whose lust for adventure has carried him to the farthest reaches of the globe, Chatwin is entranced by the cultural heritage of the Aboriginals. As he struggles to find the deepest meaning of these ancient, living songs, he is forced to embark on a much more difficult journey—through his own history—to reckon with the nature of language itself. Part travelogue, part memoir, part novel, *The Songlines* is one of Bruce Chatwin's final—and most ambitious—works. From the author of the bestselling *In Patagonia* and *On the Black Hill*, a sweeping exploration of a landscape, a people, and one man's history, it is the sort of book that changes the reader forever. This ebook features an illustrated biography of

Cities have always been important protagonists in our history, but now, more than ever, they are taking the leading role in our developing culture. The intensified urbanization and increasing importance of cities like London, Paris, New York and Mexico, which are becoming through their assets and appeal more prominent than the nations they belong to, is evident to us all. In this series, the most prominent cities in the world are given a chance to reassert their unique personalities and show us their individuality via a pictorial tour and compelling anecdotes. They can show off their exceptional monuments, both historical and contemporary, their particular ambience and flavour, their visual and cultural singularity the things that mark them out in the face of the encroaching tide of homogeneity. The series brings not only revelation and discovery to new visitors, but also rediscovery and renewed enthusiasm to the cities inhabitants, too easily blinded by their frenetic lifestyles to the extraordinary monuments, visual panoramas and street life they live amongst.
