* An exhaustive appraisal of the Rolex watch, including studies of vintage models, current designs and special editions* Learn how to spot fakes using the same clues as the experts* Invaluable to any watch-lover, especially aspiring Rolex collectorsHorological trends flit by faster than ever in today's fast-paced society. But Rolex does not rely on gimmicks; theirs is a more perennial allure, with a reputation built on traditions and hard-earned skill. A company that innovates while paying homage to their roots, every Rolex is the cumulation of centuries of watchmaking expertise. Within this book you will find explanations of the making process, descriptions of the materials involved and expert commentary on what makes each Rolex wristwatch unique. The Book of Rolex demonstrates how each model fits its social milieu, present and past. It also addresses the multitude of fakes on the market, including the so-called 'Frankensteins' - watches made from a mixture of real parts and forgeries, which are notoriously hard to spot - imparting all the skills needed to pick counterfeits out of a line-up. A holistic view of Rolex watches, this book promises to be as timeless as the brand itself. Should you be considering a Rolex, this book will convince you of its worth as an investment.

Too many people go through life racing after proof of their self-worth along an external loop: the finest shoes or watch, the most expensive car, a bigger house – or a better-looking mate, a brighter child, another academic or professional degree, a promotion at work. Some of these items may be briefly satisfying . . . but soon the old

hunger returns. You can avoid this senseless and exhausting pursuit by reconnecting with the spiritual Being that has lived inside you from birth. In this compelling and enlightening book, Dr. Rajiv Juneja shows how acknowledging the spirit within offers new insights about the biological, psychological, and social aspects of our lives – helping us manage mindless responses, build emotional intelligence, find a life partner, enhance our relationships, and follow a purpose-filled highway at work. *You Are More Than That* describes rich strategies and practices for mastering your emotions and walking out of the comfort zone that hinders your growth. Your internal sense of soul will release your mind's full energies and let you fall in love with life. This book clearly demonstrates that you are more than the limited creature you may perceive, and you can follow a different story than the often-negative narrative cobbled together unconsciously from childhood experiences. You are more than that.

PRESENTATION: STAINLESS STEEL ROLEX This book is about all stainless steel Rolex watches, both modern and vintage models. The stainless steel is an alloy, mainly composed of iron and carbon, which is resistant, shiny, but above all... fashionable. A Rolex watch must work and perform even in the most hostile environment. With the passing of time, the techniques of stainless steel production have continuously evolved. Therefore there are different types of steel which have been used by Rolex (i.e. Rolesium: a Rolex patent from 21 May 1932 to arrive today to 904L steel). Technical details, historical profiles, characteristics of all Rolex

This Strega Prize winner “ticks all the boxes of a thriller while also being a masterfully written, baroque, many-faceted depiction of modern Italy” (The Spectator). Bari, southern Italy: On a stifling summer night, on the outskirts of town, a young woman named Clara, daughter of the region’s most prominent family of real estate developers, stumbles naked, dazed, and bloodied down a major highway. Her death will be deemed a suicide. Her estranged half-brother, however, cannot free himself from her memory or the questions surrounding her death, and the more he learns about Clara’s life, the more he reveals the moral decay at the core of his family’s ascent to social prominence. Winner of the 2015 Strega Prize, Italy’s preeminent prize for fiction, *Ferocity* is at once an intimate family saga, a cinematic portrait of the moral and political corruption of an entire society, and a “gripping” tale of suspense (The Irish Times). “Biting social commentary as well as edge-of-seat reading.” —Library Journal (starred review) “Allows the mystery to slowly and captivately resolve while offering a layered portrait of contemporary Italian life and the abuses of power that money can excuse.” —Publishers Weekly “Complex, darkly absorbing and mysterious literary fiction.” —Booklist

PRESENTATION: ROLEX DAY-DATE, THE "PRESIDENT'S WATCH" The Rolex Day-Date is the first wristwatch which indicates the date and the day of the week. In 1956 Rolex presents one of its most successful and most popular watches ever: the Day-Date,. This model is one of the world's most famous Rolex watches; classic, beautiful, functional, useful and elegant. In 2008 a new chapter of this watch, the Day-date II (ø 41 mm) and in 2015 the new Day-Date 40. Known as "President's Watch", this Rolex Day-Date has characterized and influenced the history of horology with developments and innovations during the years. With high definition unreleased images, technical details, dials variants, history and updated price of every model, this book analyses every reference from 1956 until today.

TOPICS In this book the authors examine calibers, dials, cases, bracelets and many more components

of every model. You'll find all dials with their variants of color (Stella dial) and material (lapis lazuli, root wood, meteorite, etc). Furthermore: the first Rolex Day-Date, 1800 series, "pie-pan" dials, 18000 series, personalized dials, special series, vintage advertisements, box, papers, Oysterquartz Day-Date, 18200 and 18300 series, Day-Date II, Day-Date 40 and much more. We can read from an official Rolex document: « THE BIRTH OF THE "DATEJUST" AND THE "DAY-DATE" Not satisfied with having realized a selfwinding waterproof watch, we decided to dedicate ourselves to studying the calendar watch. This is how the "Datejust", which clearly indicates the date on the dial in a small aperture with a Cyclops lens which enlarges it so as to make it easier to read, was born. The next stage was the launch of the "Day-Date", a perfected model which also indicates, with letters, the days of the week. The day and the date automatically change every evening at midnight. » These are the words of Roger Federer, a living tennis legend, about his Day-Date II: "The reason I like my Day-Date so much is because it is a legendary watch, elegant but with a certain spirit, with a touch of modernity added to its stylish black dial".

Over a short ten-year time-span, Hodinkee has positioned itself as the preeminent and most distinguished destination for modern and vintage wristwatch enthusiasts. Exiting a career in finance, Ben Clymer decided to fuse his horological and writing passions in order to start a blog discussing everything from new products to vintage wristwatch auctions. Titling his endeavor after the Czech word *hodinky*, which means 'little watch,' Clymer sought to create a platform that was casual and accessible to all levels of enthusiasts--within a few years *The New York Times* dubbed him the "High Priest of Horology." What started as a humble blog quickly transformed into a full-fledged magazine and e-comm hub for some of the world's leading watch brands. Celebrating the decade milestone since Hodinkee's founding, this book captures the storied expertise of the world's leading experts on time. With chapters breaking down chronographs, dive watches, high design, and horological icons, this book is a connoisseur's compendium for the timepiece veterans and novices alike.

“This page-turning combination of business book and adventure saga tells the tale of the Ford Motor Company’s” 2016 triumph at Le Mans (The New York Times, “10 New Books We Recommend This Week”). At the 2015 Detroit Auto Show, Ford unveiled a new car—and the automotive world lost its collective mind. This wasn’t some new Explorer or Focus. Onto the stage rolled a carbon-fiber GT powered by a six-cylinder EcoBoost engine that churned out over 600 horsepower. It was sexy and jaw dropping, but, more than that, it was a callback to the legendary Ford GT40 Mk IIs that stuck it to Ferrari and finished 1-2-3 at Le Mans in 1966. Detroit was back, and Ford was going back to Le Mans. Matthew DeBord, a veteran auto industry journalist, tells the incredible story of Ford’s resurgence in *Return to Glory*. A decade ago, CEO Alan Mulally took over the iconic company and, thanks to his “One Ford” plan, helped it weather the financial crisis without a government bailout. DeBord revisits the story of the 1960s, details the creation of the new GT, and follows the team through the racing season—from Daytona to Sebring and Laguna Seca in Monterey. Finally, DeBord joins the Ford team in

A Delta team captures a high-ranking Hezbollah commander and uncovers an Iranian plot to restart uranium enrichment. To avert an Israeli preemptive nuclear strike, the United States and Israel conduct a joint cyber-warfare operation to cripple Iran's nuclear program. Their effort reveals something more sinister: a long-drawn plan by China to bring America to its knees by collapsing its economy and shift the balance of power in Asia. With scaled-down forces in Asia and spread thin in keeping the Iranians at bay, the Americans' only option is to send two men to stop the Chinese ex-CIA John Okamoto, who once led the Phoenix Program, and his adoptive son, Eric Sloane, who led the operation against the Hezbollah commander. But they are fighting a cunning and ruthless enemy from John's past. Eric must also face betrayal by the woman he loves and treachery from within his ranks. The fate of Pax Americana hangs in the balance and the battle must be fought in the bourses of New York to the jungles of the Philippines and the islands in Okinawa.

"A brainy, twisty, sometimes twisted mystery."--Gillian Flynn, author of *Gone Girl* A man wakes up naked and cold, half-drowned on an abandoned beach... The only sign of life for miles is an empty BMW. Inside the expensive car he finds clothes that fit perfectly, shoes for his tattered feet, a Rolex, and an auto registration in the name of Daniel Hayes, resident of Malibu, California. None of it is familiar. How did he get here? Who is he? While he searches for answers, the world searches for him—beginning with the cops who kick in the door of his dingy motel with drawn guns. All he remembers is a woman's face, so he leaves town in search of her in hopes of uncovering his true identity. But that raises the most chilling question of all... What will he find when he gets there? Praise for Marcus Sakey "Truly excellent. the author of *Brilliance*, *The Amateurs*, *Good People*, *The Two Deaths of Daniel Hayes*, and other novels and stories. "Rolex was established in 1908, a century ago, so one hundred years have passed from that day to the publication of this volume in which the author, John Goldberger, illustrates what he considers to be the 100 most beautiful examples ever produced. One hundred years of life, and one hundred examples, traced back through time thanks to painstaking research, with the collaboration of some of the most renowned collectors in the world, and photographed to show the characteristics of the movement, case and dial of each example in the best possible way. The top one hundred, we could say, also to narrow down the field of research, which would otherwise have been incredibly vast, to grasp the essence of a brand that has probably contributed more than any other to the development of the wristwatch. Giampiero Negretti Over 700 colour illustrations and 400 descriptions provide the collector and watch enthusiast with invaluable information on reference numbers, watchcases, faces, movements, related calibres and the year of production of each watch. On this page you can also find watches that are on sale at the most reliable and known retailers worldwide. Another important new element of this book is the large section entirely dedicated to the Rolex watches of our Clients and Followers from all over the world, with unpublished pictures, which arrive directly from the network profiles of our Clients and Followers. A unique opportunity to see wonderful timepieces in constantly different and original contexts. Furthermore, “Rolex Passion” is also the first book of the dealers, since it includes a large chapter on dealers, retailers and vendors worldwide, who are recommended to you by Mondani. This book is perfect for those who are approaching the world of Rolex watches. “Rolex Passion” takes the reader on a journey through the entire production of watches and illustrates the history and the main technical features of all the references. This volume should be present in the bookcase of our Clients, who already own other editions by Mondani, since it is a real novelty, which allows one to follow the most active and updated page about Rolex on Facebook. The preface of this book was written by Roman Sharf, a dealer of new and second wrist luxury watches in Philadelphia. He is esteemed throughout the world and has great experience in the watch market. **ROLEX PASSION TOPICS:** Rolex Passion describes on more than 350 pages the whole production of the Genevan Maison from the first models up to the present day. This book also illustrates important details, small differences, special features of bezels, dials and hands and a lot more. Rolex Passion is divided in categories in alphabetic order and represents a general guideline, which describes all the references, but also satisfies the demands of those who require more detailed

assesses the results of a number of operations, including the Canadian stories of Mafiaboy, Jeff Chapman of Infiltration, and BlackBerry users. The author provides critical accounts of highly specialized attributes, such as the prospects of deterritorialized computer mice and big toe computing, the role of electrical grid hacks in urban technopolitics, and whether info-addiction and depression contribute to tactical resistance. Beyond resistance, however, the goal of this work is to find examples of technocultural autonomy in the minor and marginal cultural productions of small cultures, ethico-poetic diversions, and sustainable withdrawals with genuine therapeutic potential to surpass accumulation, debt, and competition. The dangers and joys of these struggles for autonomy are underlined in studies of RIM's BlackBerry and Julian Assange's WikiLeaks website.
