The Broadway musical came of age in the 1950s, a period in which some of the greatest productions made their debuts. Shows produced on Broadway during this decade include such classics as *Damn Yankees*, *Fiorello!*, *Guys and Dolls*, *The King and I*, *Kismet*, *The Most Happy Fella*, *My Fair Lady*, *The Pajama Game*, *Peter Pan*, *The Sound of Music*, and *West Side Story*. Among the performers who made their marks were Julie Andrews, Bob Fosse, Carol Lawrence, and Gwen Verdon, while other talents who contributed to shows include Leonard Bernstein, Oscar Hammerstein II, Alan Jay Lerner, Frederick Loewe, Cole Porter, Jerome Robbins, Richard Rodgers, and Stephen Sondheim. In *The Complete Book of 1950s Broadway Musicals*, Dan Dietz examines in detail every musical and revue which opened on Broadway during the 1950s. In addition to providing details on every hit and flop that debuted during the decade, this book includes revivals, and one-man and one-woman shows. Each entry contains the following information: Opening and closing dates Plot summary Cast members Number of performances Names of all important personnel including writers, composers, directors, choreographers, producers, and musical directors Musical numbers and the names of performers who introduced the songs Production data, including information about tryouts Source material Critical commentary Tony awards and nominations Details about London and other foreign productions Besides separate entries for each production, the book offers numerous appendices, such as a discography, film and television versions, published scripts, Gilbert and Sullivan operettas, and lists of productions by the New York City Center Light Opera Company, and the New York City Opera Company. A treasure trove of information, *The Complete Book of 1950s Broadway Musicals* provides readers with a complete view of each show. This significant resource will be of use to scholars, historians, and casual fans of one of the greatest decades in musical theatre history.

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and

new business places are started giving added employment to members of our race.

From October 1959 until the mid-1970s, Paul Oliver and Mack McCormick collaborated on what they hoped to be a definitive history and analysis of the blues in Texas. Both were prominent scholars and researchers—Oliver had already established an impressive record of publications, and McCormick was building a sprawling collection of primary materials that included field recordings and interviews with blues musicians from all over Texas and the greater South. Despite being eagerly awaited by blues fans, folklorists, historians, and ethnomusicologists who knew about the Oliver-McCormick collaboration, the intended manuscript was never completed. In 1996, Alan Govenar, a respected writer, folklorist, photographer, and filmmaker, began a conversation with Oliver about the unfinished book on Texas blues. Subsequently, Oliver invited Govenar to assist him, and when Oliver became ill, Govenar enlisted folklorist and ethnomusicologist Kip Lornell to help him contextualize and document the existing manuscript for publication. *The Blues Come to Texas: Paul Oliver and Mack McCormick's Unfinished Book* presents an unparalleled view into the minds and methods of two pioneering blues scholars.

Piano tuner Frank Ryan is paid in kind by an aging music teacher with an old manuscript that turns out to be Beethoven's Tenth Symphony. Launched into a world of intrigue and violence, Ryan, an unlikely sleuth, realizes he must use his wits to conquer his enemies and solve the mystery of the manuscript. In the process Ryan discovers whom he can trust and what he is made of. The first in a series featuring Frank Ryan, *Beethoven's Tenth* is a smart page-turner.

This saga of a son of the working class who grows into a piano prodigy is "hypnotically readable . . . The best story I know of in a long, long time" (*Vanity Fair*). As a boy, Claude Rawlings looks up through the grated window of his basement apartment to watch the world go by. Poor, lonely, supported by a taxi-driver mother whose eccentricities spin more and more out of control, he faces the terrible task of growing up on the margins of life, destined to be a spectator of that great world always hurrying out of reach. But there is an out-of-tune piano in the small apartment, and in unlocking the secrets of its keys, as if by magic, Claude discovers himself. He is a musical prodigy. *Body & Soul* is the story of a young man whose life is transformed by a gift. The gift is not without price—the work is relentless, the teachers exacting—but the reward is a journey that takes him to the drawing rooms of the rich and powerful, private schools, a gilt-edged marriage, and Carnegie Hall. Claude moves through this

life as if he were playing a difficult composition, swept up in its drama and tension, surprised by its grace notes. Music, here, becomes a character in its own right, equaled in strength only by the music of Frank Conroy's own unmistakable and true voice. Bristling with character and invention, *Body & Soul* is Dickensian in its range and richness. This is a novel with all the emotional appeal and moral gravity of a classic bildungsroman, but with a tone as contemporary as a jazz riff—an unforgettable achievement by one of the great writers of our time.

"This book—both a narrative and a film directory—surveys and analyzes English-language feature films (and a few shorts and TV shows/movies) made between 1927 and 2016 that tell stories about jazz music, its musicians, its history and culture. *Play the Way You Feel* looks at jazz movies as a narrative tradition with recurring plot points and story tropes, whose roots and development are traced. It also demonstrates how jazz stories cut across diverse genres—biopic, romance, musical, comedy and science fiction, horror, crime and comeback stories, "race movies" and modernized Shakespeare—even as they constitute a genre of their own. The book is also a directory/checklist of such films, 66 of them with extensive credits, plus dozens more shorter/capsule discussions. Where jazz films are based on literary sources, they are examined, and the nature of their adaptation explored: what gets retained, removed, or invented? What do historical films get right and wrong? How does a film's music, and the style of the filmmaking itself, reinforce or undercut the story?—

Featuring 100 photographs of Frank Sinatra working with orchestras and arrangers, listening to playbacks, and, of course, singing, this book tells the whole story of how he created the Sinatra sound and translated the most intense personal emotions into richly worked-out songs of unrivalled expressiveness. One of the thrills of listening to Sinatra is wondering how he did it—and this book explains it all, bringing the dedicated fan and the casual music lover alike into the recording studio to witness the fascinating working methods he introduced and mastered in his quest for recorded perfection. Revealed is how, in addition to introducing and perfecting a unique vocal style, Sinatra was also his own in-studio producer—personally supervising every aspect of his recordings, from choosing the songs and arrangers to making minute adjustments in microphone placement.

(Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part, as well as in the vocal line.

From an acclaimed cultural critic, a narrative and social history of the Great American Songwriting era. Everybody knows and loves the American Songbook. But it's a bit less widely understood that in about 1950, this stream of great songs more or less dried up. All of a sudden, what came over the radio wasn't Gershwin, Porter, and Berlin, but "Come on-a My House" and "How Much Is That Doggie in the Window?" Elvis and rock and roll arrived a few years later, and at that point the game was truly up. What happened, and why? In *The B Side*, acclaimed cultural historian Ben Yagoda answers those questions in a fascinating piece of detective work. Drawing on previously untapped archival sources and on scores of interviews—the voices include Randy Newman, Jimmy Webb, Linda Ronstadt, and Herb Alpert—the book illuminates broad musical trends through a series of intertwined stories. Among them are the battle between ASCAP and Broadcast Music, Inc.; the revolution in jazz after World War II; the impact of radio and then television; and the bitter, decades-long feud between Mitch Miller and Frank Sinatra. *The B Side* is about taste, and the particular economics and culture of songwriting, and the potential of popular art for greatness and beauty. It's destined to become a classic of American musical history.
