For centuries the Chroniclers have been the keepers of knowledge, history, and tradition. Living and working in the various Havens around the world, the Chroniclers are protected by the Guardians, warriors sworn to shield them from harm. Kess Grayson is a Chronicler, like her mother before her, but she knows there is more to her than just curating dry and dusty books. She feels it. Crossing the social divide between her kind and the Guardians may get her into trouble, but Kess forgoes tradition and seeks out the warriors requesting they train her. And she is right to. Old and soulless forces are massing to bring down the Havens, there may be traitors in their midst, and her own unique and forbidden bloodline could be the key to uniting everyone on the side of light and having a chance to triumph in the coming apocalypse. Rosemary dropped the boy as she felt him go faint. She wiped the blood from her lips, disgusted with herself, with her hunger. His blood ran through her veins giving her life, warming her frozen body. The burning eased. Her demon sighed satisfied. A soft breeze ran through the hot night and she knew Drake was nearby, she could smell him. He stepped out of the darkness and looked down at the boy sleeping peacefully on the cold concrete floor. "He's going to suffer in the morning," he chuckled and wiped a few drops of blood from his chin. His mood had clearly lightened once more. Where was his catch? Lucinda had said that males struggled more to feed but she wasn't so sure she believed it with Drake. He seemed to handle it just fine on his own. Rosemary frowned at him. "How can you be so cruel, like they're just food?" she asked coldly still angry with him. Drake glanced at her and she saw the animosity flash through those secretive silver eyes. "They are just food, are you forgetting your night with that monster? What could've happened to you? What would've happened to you if you were still one of them?" Drake growled. Rosemary shuddered. "Not everyone is like that though," she argued defensively. Drake laughed humourlessly. "Of course they are. They are all selfish. They are all manipulative, they are all destructive. They are all animals th..." "If they are animals then what the hell are we?" she snapped interrupting him. Drake looked at her with menacing silver eyes. He licked his fangs that had slid out due to his rising temper. "We, little Rose, are demons..." She was just an ordinary girl living an ordinary life until one day he took her. Rosemary Varias had no idea what had happened to her, her fiancé or her friends when she woke in a stranger's room. All she could remember was him, the vampire with the impossible silver eyes. Drake. The mysterious vampire that had taken her against her will and turned her into a demon of the night. Now Rosemary must survive the harsh reality of what life as a vampire entails. The curse of the sun, the thirst for blood, the desire to kill. As she attempts to readjust, she forgets her old life and finds a new one with the family that took her. But it soon becomes clear that Rosemary is no ordinary vampire. Fighting against her own demon for control, she soon comes across a new enemy. An enemy who wants to know all her secrets. An enemy who will do anything to unveil them.

A gripping and groundbreaking account of how all but one of FDR's ambassadors in Europe misjudged Hitler and his intentions As German tanks rolled toward Paris in late May 1940, the U.S. Ambassador to France, William Bullitt, was determined to stay put, holed up in the Chateau St. Firmin in Chantilly, his country residence. Bullitt told the president that he would neither evacuate the embassy nor his chateau, an eighteenth Renaissance manse with a wine cellar of over 18,000 bottles, even though "we have only two revolvers in this entire mission with only forty bullets." As German forces closed in on the French capital, Bullitt wrote the president, "In case I should get blown up before I see you again, I want you to know that it has been marvelous to work for you." As the fighting raged in France, across the English Channel,

Ambassador to Great Britain Joseph P. Kennedy wrote to his wife Rose, "The situation is more than critical. It means a terrible finish for the allies." Watching *Darkness Fall* will recount the rise of the Third Reich in Germany and the road to war from the perspective of four American diplomats in Europe who witnessed it firsthand: Joseph Kennedy, William Dodd, Breckinridge Long, and William Bullitt, who all served in key Western European capitals—London, Berlin, Rome, Paris, and Moscow—in the years prior to World War II. In many ways they were America's first line of defense and they often communicated with the president directly, as Roosevelt's eyes and ears on the ground. Unfortunately, most of them underestimated the power and resolve of Adolf Hitler and Germany's Third Reich. *Watching Darkness Fall* is a gripping new history of the years leading up to and the beginning of WWII in Europe told through the lives of five well-educated and mostly wealthy men all vying for the attention of the man in the Oval Office.

Well-known author, psychologist and priest Fr. Benedict Groeschel draws on his own years of personal experiences in dealing with people's problems, tragedies and "darkness" as he offers help and guidance for any Christian troubled or burdened by life. If you are struggling with fear, anxiety, grief, loss of loved ones, hurt, anger or anything that makes life difficult or the road through it dark, then this book was written for you. Fr. Benedict offers practical suggestions on how to keep going and even grow with the help of God's grace, even when this help seems remote. The Christian response to the problem of evil and suffering began with the cross of Christ. Our answer is inseparable from the cross—from Jesus' own encounter with evil and his triumph over it. In this light, Fr. Benedict recalls some of our most frequently encountered sorrows and griefs: the failure of friends, financial and personal insecurity, the failure of some in the Church, our own inconsistent behaviors and weaknesses, and the death of loved ones. As we examine these painful experiences, he shows that we can find solutions in the Gospel and in the lives of saints, heroes, and very brave ordinary people. "Many guides have been written for people struggling with the mystery of evil. But each generation, each age has its own dark background in front of which the struggle to keep going must be worked out. In every age, men ask 'how am I going to go on to arise from darkness?' It is that which my book will address." —Fr. Benedict Groeschel, CFR

“The Russia that Satter depicts in this brave, engaging book cannot be ignored . . . Required reading for anyone interested in the post-Soviet state” (Newsweek). Anticipating a new dawn of freedom after the disintegration of the Soviet Union, Russians could hardly have foreseen the reality of their future a decade later: A country impoverished and controlled at every level by organized crime. This riveting book views the 1990s reform period through the experiences of individual citizens, revealing the changes that have swept Russia and their effect on Russia's age-old ways of thinking. “With a reporter's eye for vivid detail and a novelist's ability to capture emotion, he conveys the drama of Russia's rocky road for the average victimized Russian . . . This is only half the story of what is happening in Russia these days, but it is the shattering half, and Satter renders it all the more poignant by making it so human.” —Foreign Affairs “[Satter] tells engrossing tales of brazen chicanery, official greed and unbearable suffering . . . Satter manages to bring the events to life with excruciating accounts of real Russians whose lives were shattered.” —The Baltimore Sun “Satter must be commended for saying what a great many people only dare to think.” —The Globe and Mail (Toronto) “Humane and articulate.” —The Spectator “Vivid, impeccably researched and truly frightening . . . Western policy-makers would do well to study these pages.” —National Post

The second book in the Sirian Revelations Trilogy explores the wisdom ancient Atlantis can offer contemporary seekers. The lost continent of Atlantis has existed in the collective consciousness of humankind for eons—contemplated as early as 355 BC by Plato and echoing in the modern mind. In this controversial book, author Patricia Cori provides compelling, often startling insights into this lost culture and the lessons it holds for us as both a high civilization and a metaphor for our current world situation, earth changes, growing extraterrestrial phenomena, and government conspiracy theories. Only by embracing and recognizing what Atlantis can teach us, says Cori, can we expect to heal and uplift our own increasingly threatened civilization.

To Rise in Darkness offers a new perspective on a defining moment in modern Central American history. In January 1932 thousands of indigenous and ladino (non-Indian) rural laborers, provoked by electoral fraud and the repression of strikes, rose up and took control of several municipalities in central and western El Salvador. Within days the military and civilian militias retook the towns and executed thousands of people, most of whom were indigenous. This event, known as *la Matanza* (the massacre), has received relatively little scholarly attention. In *To Rise in Darkness*, Jeffrey L. Gould and Aldo A. Lauria-Santiago investigate memories of the massacre and its long-term cultural and political consequences. Gould conducted more than two hundred interviews with survivors of *la Matanza* and their descendants. He and Lauria-Santiago combine individual accounts with documentary sources from archives in El Salvador, Guatemala, Washington, London, and Moscow. They describe the political, economic, and cultural landscape of El Salvador during the 1920s and early 1930s, and offer a detailed narrative of the uprising and massacre. The authors challenge the prevailing idea that the Communist organizers of the uprising and the rural Indians who participated in it were two distinct groups. Gould and Lauria-Santiago demonstrate that many Communist militants were themselves rural Indians, some of whom had been union activists on the coffee plantations for several years prior to the rebellion. Moreover, by meticulously documenting local variations in class relations, ethnic identity, and political commitment, the authors show that those groups considered "Indian" in western El Salvador were far from homogeneous. The united revolutionary movement of January 1932 emerged out of significant cultural difference and conflict.
