The unadulterated truth no matter how ridiculous or clueless it made her look. This book was written to give the loyal readers a sense of background while the saga was being written as well as to offer proof that not only can they do it, but others should write their story. If Ophelia Kee could do it, anyone can. Sure she made mistakes, but that's part of the process. Welcome to the dream...

Now available in one volume, the first three fast-paced, suspense-packed legal thrillers in the Sasha McCandless series by USA TODAY Bestselling Author Melissa F. Miller! **Irreparable Harm (Book 1)** After eight long years, Sasha McCandless is about to make partner at a prestigious law firm. When a plane operated by her client slams into the side of a mountain, killing everyone aboard, Sasha gears up to defend the inevitable civil lawsuits. She soon realizes the crash was no accident: a developer has created an application that can control a commercial plane's onboard computer from a smartphone. Sasha joins forces with a federal air marshal, and they race to prevent another airline disaster. But when people close to the matter start turning up dead, Sasha must rely on both her legal skills and her Krav Maga training to stop the madman before he kills her. **Inadvertent Disclosure (Book 2)** Six months after an airplane crash altered the course of Sasha's professional and personal life, she's focused on building her solo law practice and tending her budding relationship with federal air marshal Leo Connelly, who helped her stop a madman. When she drives from Pittsburgh to rural Clear Brook County to argue a discovery motion, she finds a town bitterly divided over the issue of hydrofracking the Marcellus Shale. Outsiders from the oil and gas industry and environmental activists threaten to rip apart the community's fabric. Then the town's only judge is murdered, and Sasha can't just walk away. As she works to find the killer, she must race to save the town before it fractures beyond repair. **Irretrievably Broken (Book 3)** The venerable law firm of Prescott & Talbott is reeling from the murder of partner Ellen Mortenson -- purportedly at the hands of her estranged husband -- when a photograph of the dead woman arrives, her face Xed out and "ONE DOWN" scrawled across the bottom. Within days, a second partner is murdered, her husband also accused. Sasha doesn't practice criminal defense, so she's suspicious when her former firm asks her to represent Ellen's husband. Owing Prescott a favor, she takes the case and soon finds herself representing not one, but both, of the so-called Lady Lawyer Killers. The long hours jeopardize her relationship with Leo Connelly when he needs her most. That's the least of Sasha's troubles, though, because what she doesn't know is that the real killer is waging a vendetta for a past case gone wrong. And there's one more lawyer on his list.

Something sinister lurks in the shadows of Chessa's mind. Slowly, her reality begins to slip. To make matters worse, her sight has completely abandoned her. Lost and afraid, she turns to a Vampire who's lived on the fringes of the Clutch. Sasha prefers the life of solitude she's been given. It's better than the lingering looks of pity that come from every direction on a never-ending loop. Jake's death feels as if it were just yesterday. Sora repeatedly tries to open the Rune Gate, but the Goddess's silence is a constant reminder of those she must lead. Little does everyone know... time is running out.

Sasha doesn't want a mate. He barely even wants friends, but he's given up on trying to keep them out of his life. He's content as he is, working at the bar in Gillham and going home to his empty apartment. It's better that way, and safer—for everyone. Because Sasha has a secret, and he's already responsible for one death, and he doesn't want anything like that to happen again. Hunter has always been content with hookups and one-night stands. He's never really thought about finding his mate—until he does. Sasha is standoffish, and while Hunter wishes he were an easier man to deal with, he's ready to wait as long as he needs to in order to have him in his life. Still, when he and his team are sent on a mission in the Brazilian rainforest, he hopes that will

give Sasha enough time to make a decision about them. Sasha realizes he's made a mistake by pushing Hunter away when Hunter doesn't come back from the mission. Hunter is stuck in a rainforest crawling with members of the Beasts gang, and he needs help. Will Sasha be able to help him, or will he lose Hunter before he even has him?

The gripping untold story of a terrorist leader whose death would catapult his brother—Lenin—to revolution. In 1886, Alexander Ulyanov, a brilliant biology student, joined a small group of students at St. Petersburg University to plot the assassination of Russia's tsar. Known as "Second First March" for the date of their action, this group failed disastrously in their mission, and its leaders, Alexander included, were executed. History has largely forgotten Alexander, but for the most important consequence of his execution: his younger brother, Vladimir, went on to lead the October Revolution of 1917 and head the new Soviet government under his revolutionary pseudonym "Lenin." Probing the Ulyanov family archives, historian Philip Pomper uncovers Alexander's transformation from ascetic student to terrorist, and the impact his fate had on Lenin. Vividly portraying the psychological dynamics of a family that would change history, Lenin's Brother is a perspective-changing glimpse into Lenin's formative years—and his subsequent behavior as a revolutionary. Marta couldn't sleep. She tossed and turned, beat up her pillow, changed positions a million times, covered up and uncovered, but sleep was not to be. She kept imagining the type of cruel people that would hunt a dragon, let alone a she dragon. How would they get that close to her without her knowledge? Was a friend or someone sent to collect the eggs before the hatching? All these thoughts kept circling in Marta's thoughts. When she did finally dose off, her dreams were filled with terrible screams and vicious battle cries. And blood, the sacred blood of the dragon mixed with the tainted blood of the criminals, except this blood was Namahline's. Waking with a start and barely stopping a scream herself, Marta slipped from her room out to the crutch. As she entered Nama lifted her head gazing on Marta with sleepy eyes. "What brings you here in the middle of night, Marta?" "I am troubled with dreams when I do sleep and sleeplessness when I can't." "Would you care to sit with me awhile, then?" "Yes, Namahline, you are a great friend." Marta stepped into Nama's stall and curled into her side. Nama exuded a calming mind chant and soon Marta was sleeping quite peacefully.
