Reproduction of the original: Sara Crewe by Frances Hodgson Burnett

With Arcturus Mesarthim - her former enemy - at her side, she embarks on an adventure that will lead her from the catacombs of Paris to the glittering hallways of Versailles. Her risks promise high reward: the Parisian underworld could yield the means to escalate her rebellion to outright war. As Scion widens its bounds and the free world trembles in its shadow, Paige must fight her own memories after her ordeal at the hands of Scion. Meanwhile, she strives to understand her bond with Arcturus, which grows stronger by the day. But there are those who know the revolution began with them - and could end with them . . .

Before the sun even rises, a confident group of birds is warming up their vocal chords preparing for a full day of singing. They perform solos and acapella and arpeggios. And they sing and sing--and sing some more! Until the day comes to an end and they decide...they're actually pretty exhausted. But come morning, they have big plans to SING SOME MORE!!!

Sing! has grown from Keith and Kristyn Getty's passion for congregational singing; it's been formed by their traveling and playing and listening and discussing and learning and teaching all over the world. And in writing it, they have five key aims: • to discover why we sing and the overwhelming joy and holy privilege that comes with singing • to consider how singing impacts our hearts and minds and all of our lives • to cultivate a culture of family singing in our daily home life • to equip our churches for wholeheartedly singing to the Lord and one another as an expression of unity • to inspire us to see congregational singing as a radical witness to the world They have also added a few "bonus tracks" at the end with some more practical suggestions for different groups who are more deeply involved with church singing. God intends for this compelling vision of His people singing—a people joyfully joining together in song with brothers and sisters around the world and around his heavenly throne—to include you. He wants you, he wants us, to sing.

From the New York Times bestselling author of *The Night Circus*, a timeless love story set in a secret underground world—a place of pirates, painters, lovers, liars, and ships that sail upon a starless sea. Zachary Ezra Rawlins is a graduate student in Vermont when he discovers a mysterious book hidden in the stacks. As he turns the pages, entranced by tales of lovelorn prisoners, key collectors, and nameless acolytes, he reads something strange: a story from his own childhood. Bewildered by this inexplicable book and desperate to make sense of how his own life came to be recorded, Zachary uncovers a series of clues—a bee, a key, and a sword—that lead him to a masquerade party in New York, to a secret club, and through a doorway to an ancient library hidden far below the surface of the earth. What Zachary finds in this curious place is more than just a buried home for books and their guardians—it is a place of lost cities and seas, lovers who pass notes under doors and across time, and of stories whispered by the dead. Zachary learns of those who have sacrificed much to protect this realm, relinquishing their sight and their tongues to preserve this archive, and also of those who are intent on its destruction. Together with Mirabel, a fierce, pink-haired protector of the place, and Dorian, a handsome, barefoot man with shifting alliances, Zachary travels the twisting tunnels, darkened stairwells, crowded ballrooms, and sweetly soaked shores of this magical world, discovering his purpose—in both the mysterious book and in his own life.

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

Armchair Fiction presents classic science fiction double novels. The first novel is "Sons of the Deluge" by Nelson S. Bond. With Mexican security hot on their trail, Duke Callion and Joey Cox sought refuge in an obscure Yucatan peninsula town. There they were rescued by a mysterious man who offered his own abode as their hideout. But Callion and Cox were bewildered by their new friend's fantastic tale. He claimed to be a member of the Atlantean race--a race extinct for thousands of years, wiped out by a titanic flood. Quelchal had been exiled in time, 12,000 years into the future! But it was his grand plan to return to the past and somehow warn his people of the impending disaster; to somehow save them from the wall of water that would destroy the entire Atlantean culture. Using his incredible time ship, and with Callion and Cox by his side, the trio embarked on a daring and deadly adventure, traveling back to the age of Atlantean splendor--to warn a civilization, before it was too late... The second novel is by lauded sci-fi author Raymond Z. Gallun, "Dawn of the Demi-gods." Eons before man set foot into outer space there had been a great war. A war between Mars and Planet X. The conflict came to a bloody end with the destruction of all life on Mars and the obliteration of Planet X, which was reduced to rubble and became the asteroid belt. But centuries later strange things began to happen on Jupiter's moon, Ganymede. There came a report of the discovery of a cache of tools in a chest that was of almost microscopic dimensions. In finding it, several men were afflicted with dizziness. One had died. It soon became clear that the hand of an alien race was responsible--an alien race of almost unfathomable smallness. And soon, as unheralded as ghosts, but as significant as a new dawn of history, there came to Earth from distant Ganymede's glowing crescent--three micro-androids, minuscule beings, carrying the treasure of immortality.
