A remarkable life and a remarkable voice emerge from the journals, letters, and memoirs of Leo Lerman: writer, critic, editor at Condé Nast, and man about town at the center of New York's artistic and social circles from the 1940s until his death in 1994. Lerman's contributions to the world of the arts were large and varied: he wrote on theater, dance, music, art, books, and movies for publications as diverse as Mademoiselle and The New York Times. He was features editor at Vogue and editor in chief of Vanity Fair. He launched careers and trends, exposing the American public to new talents, fashions, and ideas. He was a legendary party host as well, counting Marlene Dietrich, Maria Callas, and Truman Capote among his intimates, and celebrities like Cary Grant, Jackie Onassis, Isak Dinesen, and Margot Fonteyn as part of his larger circle. But his personal accounts and correspondence reveal him also as having an unusually rich and complex private life, mourning the cultivated émigré world of 1930s and 1940s New York City, reflecting on being Jewish and an openly homosexual man, and intimately evoking his two most important lifelong relationships. From a man whose literary icon was Marcel Proust comes an unparalleled social and emotional history. With eloquence, insight, and wit, he filled his journals and letters with acute assessments, gossip, and priceless anecdotes while inimitably recording both our larger cultural history and his own moving private story.

In Astrology it has long been known that the sign of the zodiac, rising in the east at birth (the ascending sign), largely determines physical appearance. In this book David Anrias shows what each sign looks like when rising. He goes further and, dividing each sign into 10 degree

sections (known as "decanates"), shows how appearance changes, from early degrees, to middle degrees, to late degrees of the same sign. All 36 drawings are by the author himself, who was an accomplished artist and a keen observer. Twelve of these you will find in the frontispiece, the remaining 24 are in Book 1, chapter 7. While other artists have sketched the twelve basic types, and one or two have given variations on some of them, Anrias is the only astrological artist/writer to make systematic sketches of all 36 variations. Anrias follows this with deft character sketches. If a given decanate (the third decanate of Libra, for example) produces a distinct face, it also produces a distinct personality. Of this book, Dr. H., of Regulus Astrology LLC (author of *A Rectification Manual*; *America is Born*) writes, "I find Anrias' use of the decans based on triplicities more accurate than Chaldean decans for application in physiognomy judgments." DAVID ANRIAS, the pen-name of Brian Ross, served with the British forces in World War I. A natural sensitive, after the war he joined the Theosophical Society, studied in India, and was associated with Jiddu Krishnamurti's ill-fated Order of the Star in the East. He strenuously disagreed with Krishnamurti's decision to dissolve it. Anrias's intense study of theosophy and metaphysics enlivens his astrology, making his book most fascinating reading.

Forty years after the book first appeared, and more than ninety years after the deaths of Phagan and Frank, it remains a gripping account of injustice. In his preface to the revised edition, Leonard Dinnerstein discusses the ongoing cultural impact of the Frank affair.

The guys who attended Leo High School are too busy doing ,to have time to do any telling. The story of the support for a school that everyone but Leo Men predicted would close or should be closed is a great Chicago story, a great Catholic story, a great human story, and a real American story. Not having graduated from Leo High School, I am free to make a big deal of what goes on at 79th & Sangamon on the south side of Chicago. Leo High School is situated in an African American neighborhood, Auburn Gresham, but receives no active support from the black community beyond black graduates of this school. Generations of white Catholic men actively support a school that they attended, in order to help young black, mostly non-Catholic young men. None of their grand children or sons attend Leo, but they actively invest hundreds of thousands of dollars annually. These same supporters have been cast as white flight bigots' by academics, journalists, and even some religious. Mopes that hurl that charge go unanswered too often. Our people support Leo out of love for their fellow man the same motivation that built the Catholic Church in Chicago. Without the support of Leo's Alumni, white and black, thousands of young men would not have the opportunity to succeed beyond the streets. Since 1991, 93% of all Leo graduates have gone on to Purdue, University of Chicago, Boston College, West Point, Northwestern, Loyola, DePaul, Illinois, Wisconsin, Michigan, Michigan State to name a few. Well-known names such as Albert Einstein, Enrico Fermi, J. Robert Oppenheimer, and Edward Teller are usually those that surround the creation of the atom bomb. One name that is rarely mentioned is Leo Szilard, known in scientific circles as "father of the atom bomb." Hungary and educated in Berlin, he escaped Hitler's Germany in 1933 and that first year developed his concept of nuclear chain reactions. In order to prevent Nazi scientists from stealing his ideas, he kept his theories secret, until he and Albert Einstein pressed the US government to research atomic reactions and designed the first nuclear reactor. Though he started his career out lobbying for civilian control of atomic energy, he concluded it with founding, in 1962, the first political action committee for arms control, the Council for a Livable World. Besides his career in atomic energy, he also studied biology and sparked ideas that won others the Nobel Prize. The Salk Institute for Biological Studies in La Jolla, California, where Szilard spent his final days, was developed from his concepts to blend science and social issues.

What are the key elements of the Leo man's personality? What is he like as a friend, a boss, a father, a lover? Does he get along with Taurus? Can he find happiness with Gemini? What about the other sun signs? What are his biggest fears? What does he value? This book explores the Leo man, his attitude to finance, home, children, career, including his priorities, his aspirations, his likes and his dislikes, and the expectations he has from you, as a lover, a spouse, a colleague or as a friend.

Somehow, your relationship that started out so wonderfully is having problems. Or perhaps you'd like to anticipate what problems could occur in a potential relationship. More importantly, you need to know how to resolve the problems. Problems of interpersonal relationships are

most often caused because everyone has conscious and unconscious needs and behaviors that can conflict with those of another. Recognizing and dealing with them can save relationships. You'll find out how to do this in Bernie Ashman's SignMates. Contrary to what some people think, your astrological sign doesn't "force" you to do anything. It is simply an indicator of what you are. By understanding how the signs relate, you can better understand relationships and how to overcome problems that may arise. In a nutshell, that is what this book will do for you. The book relates potential problems in a relationship between every sign of the zodiac. For example, if you are a Virgo and your partner is a Scorpio, you may play the "Sabotage Game," where you make it difficult for your partner to reach goals because of unresolved anger or jealousy. To deal with this you need to become aware of negative, unproductive comments and support your partner. Two other games and coping strategies are given. Or perhaps you are a Libra and your partner is an Aquarius. You may experience the "Lovers and Strangers Game" where your sense of closeness vacillates between extremes. This is a test to see if you can handle emotional heat. You have to be willing to simply and honestly discuss your feelings. Again, two more games and strategies for dealing with the conflicts that cause them are given. No matter what sign you and your partner are, this book will pinpoint the potential pitfalls and how to deal with them. Also included for each pairing is the good news, a "rainbow" at the end of the difficulties, which indicates how great such a relationship can be. Ideal for both non-astrologers and astrological pros, this book can help save your relationship.

After you landed him, time has passed, did you wonder what happened to the person you read about....the personality he is supposed to possess? Are you asking yourself what went wrong? Perhaps, you have met the uninvolved of the male species.
